Dear Parent/Carer

Your child is now due to have the **Human Papillomavirus (HPV) IMMUNISATION**

The HPV vaccine is routinely offered to both girls and boys in year 8.

The School Age Immunisation Service (SAIS) and School Nursing Service are now using an electronic form of communication which is faster and more efficient and a safer way to deliver your child's health information

STEP 1: Please either register for an account if this is your first time using the Thomson parent portal or login if you have already created an account. If this is your first time registering, you will receive an email to confirm your account and set a password.

STEP 2: Once you login, you can read the information on the vaccination and complete and submit the consent form. It is important that you still complete and submit the form even if you DO NOT want your child to have the vaccination using the no consent option.

Once you register an account and log in you will be able to access the correct contact information should you have any questions about the vaccination.

Please submit the form as soon as possible using this link

<https://app.schoolscreener.com/Portal/#/Stockport/imms/Si59/135262>

All health- related information is kept confidential, however in some instances this may be shared on a need-to-know basis with other services, including the school, to enable better support for your child in school. The SAIS and School Nurses will contact you to discuss the need to share other health related information where relevant.

If you have any questions in advance, or need support with using the parent portal for E Consent, and filling in the form, please click here:
