Dear Parent/Carer,

Road Safety

The safety of our students is a priority, and we would like to remind all families of the importance of safe travel to and from school.

Recently, all year groups participated in road safety assemblies. In addition, the school invited the **Stockport Traffic and Road Safety Team** to assess the roads and signage around the school. A number of issues were identified for consideration, and these will be raised with local ward councillors to explore potential funding for future improvements.

We ask parents and carers to reinforce the following messages with their child:

- Wear a cycle helmet when riding a bicycle.
- Ensure bicycles are fitted with working brakes, lights and reflectors.
- Wear bright or reflective clothing, particularly during darker mornings and evenings.
- Follow the Highway Code and remain alert to other road users.
- Avoid using mobile phones or headphones whilst cycling.
- Take extra care when crossing roads and around the school site.
- Show consideration for pedestrians and local residents.

We have received reports of some students cycling at speed on pavements, riding without helmets and taking risks when crossing roads. We would appreciate your support in reminding your child of their responsibility to travel safely.

Electric Scooters and Electric Bikes
Students are **not permitted to attend school on electric scooters or bikes.**

By working together, we can help ensure that all students travel safely and responsibly to and from school.

Thank you for your continued support.

Yours sincerely,

Mr R Taylor
Director of Safeguarding (DSL)
