# World Window Competition

**Get ready to show the world what matters to you!**

**For the World Window Competition, you've got until 2nd February to create an eye-catching infographic all about a place you love.**

**It could be anywhere...a country, a city, or even a small town that means something special to you. Your job is to bring it to life by exploring its history, culture, traditions, food, landmarks, or famous people.**

**Think bold colours, clear facts, and creative design that makes people stop and look. This is your chance to teach others something new and share why your chosen place deserves a spotlight!**

**Entries should be emailed in to [competitions@stockport-academy.org](mailto:competitions@stockport-academy.org)**

# FOUR CORNERS

Alright, listen up!

Here's how it works: when the game starts, you've got one big choice to make...pick a corner: Red, Blue, Yellow, or Green. Once you've locked in your spot a corner is chosen at random. If that's your corner—boom! You're out. If not, you're safe... for now.

The game keeps rolling until there's just one champion left standing. Choose wisely, trust your instincts, and remember...every round could be your last!

The game begins this Friday (23<sup>rd</sup>) in the Sports Hall at 13:35 prompt!

We won't be able to allow late entrants to the game!

# Interested in a career in medicine?

**If you are a year 10 student who is interested in a career in medicine,**

Please ask your form tutor/science teacher to email your name to [tara.markham@stockport-academy.org](mailto:tara.markham@stockport-academy.org) by the end of the day on Tuesday 20<sup>th</sup> January.

Or, come and see Mrs Markham in 117 to sign up.

**You will then be invited to attend a talk with Dr Pode - an A+E doctor at Manchester Children's Hospital and co-founder of the charity Medics and Me which supports students to prepare for applying to medical school.**

**This talk will take place on Monday 26<sup>th</sup> January during form time.**

We enable, support and inspire students from every background to excel in their medicine application, whilst providing medical students with outreach, community and opportunity.
