Mr Taylor needs you!

Online Safety and Radicalisation – A project in partnership with Greater Manchester Police and OddArts

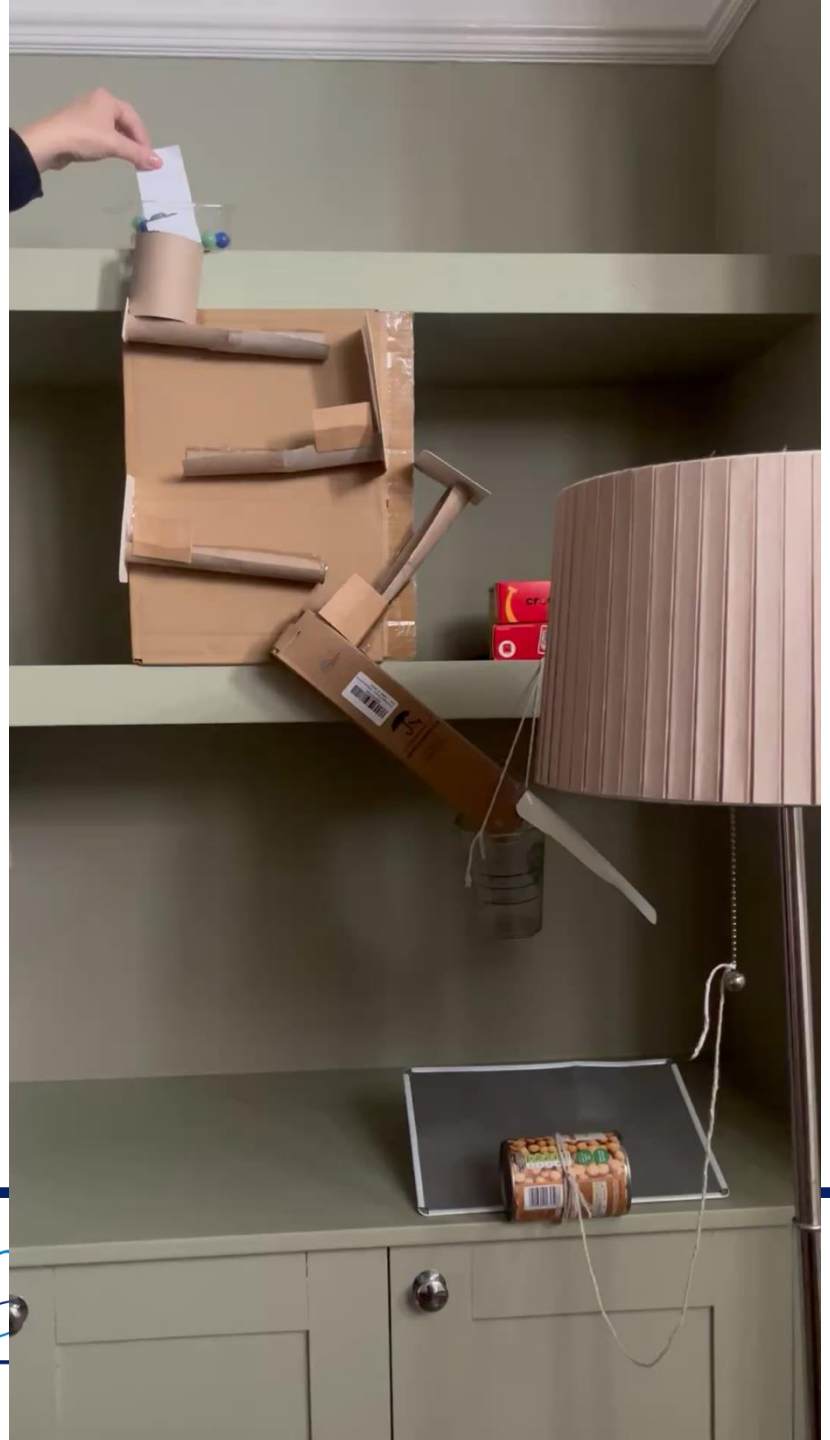

Mr Taylor is looking for a small number of students who have a strong interest in **online gaming** to take part in a project aimed at understanding young peoples online gaming experiences and how services can support those who may be at **risk of harm**.

The project involves students engaging in **4 sessions (in-school time) over next half-term** – the ultimate aim is to use young peoples voice to develop a play – students who engage are not expected to actively perform in the play but may have the opportunity to be involved in some form.

To express interest in being involved please ask your form tutor to send me an e-mail with your name.

Antarctica Day Flags Project

Basic Principles of Flag Design

1. **Keep it simple**
   - The flag should be so simple that a child can draw it from memory.
2. **Use meaningful symbolism**
   - The flag's images, colours, or patterns should relate to what it symbolizes.
3. **Use 2–3 basic colours**
   - Limit the number of colours on the flag to three, which contrast well and come from the standard color set.

4. Entries need to be handed in to Ms Finley in room L04 by Friday lunchtime!
