4th March 2026

Dear Parents and Carers,

I hope this message finds you well.

As we move further into this important exam year, we are pleased to introduce a new support system for our Year 11 pupils. To help ensure that every student feels confident and well-prepared, we have set up dedicated email support for Maths, English, and Science.

Year 11 students can now email their classroom teachers directly through the following subject support addresses:

- Maths Support: mathshelp@stockport-academy.org
- English Support: englishhelp@stockport-academy.org
- Science Support: sciencehelp@stockport-academy.org

These email addresses are available for students to use throughout the exam period. Pupils are encouraged to get in touch if they:

- Need clarification on a topic
- Would like help with revision questions
- Are unsure about exam techniques
- Require additional guidance on homework or past papers

We strongly encourage students to make use of this support whenever needed. Seeking help promptly can make a significant difference to confidence and performance during this crucial time.

Please remind your child to use their school email account when contacting teachers.

Thank you for your continued support.

Kind regards,

Mr Crouch
