

3rd June 2026

Dear Parent/Carer,

Physics Olympics 2026, Bolton School

I am writing to inform you of an opportunity for your child to take part in the Physics Olympics at Bolton School on Thursday 25th June 2026. This visit will enhance the subject content in the upcoming GCSE Physics and also build on their teamwork, problem solving and analysis skills.

Students should wear full school uniform and lunch will be provided by Bolton School. If your child has any food allergies that the school is not aware of, please contact me (sam.routledge@stockport-academy.org). Furthermore, if your child requires any medication such as an inhaler for asthma, please ensure they bring this with them on the day or they will not be able to participate in the visit.

Students should arrive at school for their normal starting time as we will leave at approximately 8.45am and should return by approximately 4.30p.m. The journey to Bolton School will involve a minibus ride of around 40 minutes.

We would like to take photos of the day's events so if you would NOT like your child's photo to be taken, please ensure that photo consents are up to date on Arbor.

If you wish for your child to attend, please give consent via the trips section Arbor by Friday 19th June 2025.

Yours sincerely,

Mr S Routledge
